What Our Clients Say

"Over my 30 year career, we finally found a fundraising platform that figured it out. GroupFund is the best and easiest fundraiser we have ever seen.

We literally spent 20 minutes with our players and raised 3x more money than with any other fundraising companies.

GroupFund is an absolute no brainer and service is second to none."

"We really enjoy GroupFund because it's such a convenient fundraiser and it yields high returns.

The setup is very simple and user friendly, and the website makes it easy for me to track where we are at during the fundraising process.

Friends and family members from near and far have the ability to donate to our team members and GroupFund offers a very high margin as we get 90% returns."
